AT THE LIFE GATES.

I.

You see the money, honey,
In your dreams by night and day;
In weather dark or sunny
It jingles on the way.

II.

It brings you silken raiment
And sets you golden-fine,
And even in the shadows
Makes the silver sun to shine.

III.

But don't forget, my honey,
All other things above!
The beggar at the gate there,
Whose simple name is "Love."

SUNDAY VISITOR

The Stylish Coon Didn't Know Who Got His Best Rags

Sunday a West Virginia colored gentleman dropped off the excursion train to Sunday with friends here.

He was diked out in the heighth of fashion—derby hat, tan shoes and spanking new togs.

He had not been in the burg long before he fell in with some wise ones, both male and female, who were perfectly willing to show the stranger within the gates of the city a hilariously good time.

A fancy rig was secured and after showing off in driving about the city a trip to the country was next on the program.

What happened to him while in the rural parts is a mystery. Late in the evening he was found wandering in East Fourth street in a dazed condition, minus his derby hat and good clothes—about all he had left was his tan shoes.

Mr. John Hays gave him a coat and hat and other kindly-disposed persons contributed something to his rehabilitation.

What caused his transformation from an up-to-date city dude to a Garden of Eden fig-leaf style is not known, but that he had been given the "23" degree in good shape was plainly to be seen from his dilapidated and forlorn appearance and dazed condition.

He has not been seen since Sunday evening. He has flown, no one knows whither.

PROTECT THE BIRDS

They Are the Best of Friends to Tillers of the Soil

The President of the National Audubon Society makes the following important and significant statement:

"Eight hundred million dollars worth of agricultural and horticultural crops are destroyed by insects every year, the destruction being directly traceable to the rapid decrease in the number of insectivorous birds. It is time for the horticultural and agricultural interests to wake up, now that the truth is out, and ally themselves with the same protective associations and other instrumentalities with a view of putting a stop, as far as possible, to the wholesale slaughter of the best friends of the tillers of the soil."

NEGRO WOMAN FORCED INTO "JIM CROW" COACH

Suit Against L. and N. on Trial in Federal Court at Cincinnati

Kentucky's "Jim Crow" railroad car law figures in the suit of Marie Howard against the L. and N. Railroad, which is on trial before Judge Thompson.

The suit is for \$10,000 damages. Plaintiff is the wife of Benjamin F. Howard, colored, and her husband got on the L. and N. train in Cincinnati to go from there to Cynthiana, Ky. They bought first-class tickets and entered the car known as the "ladies' coach."

After the train crossed the river the Negroes refused to enter the compartment for

Negroes. The train crew compelled them to enter. Counsel for plaintiff, in opening, made known that the suit was for damages solely on the provision of the Interstate Commerce Law.

In Selecting a SUIT OF CLOTHES For Self Or Son

Is it not the wise thing to look over the biggest selection you can find? There are few clothing houses that carry the vast assortment of fine clothing you find in our house; none that sell them on as reasonable terms. In Children's Suits for this spring we have eclipsed all previous efforts. See them in our windows. Our Young Men's Suits, notably the "College Brand," stand at the head of the list. They are no copies; they are "original." Our Shoe and Hat Departments are the features of Maysville's mercantile business. Very few houses in large cities carry the qualities and quantities we do in these two lines. Our \$12 Blue Serge Suits, of which we are selling scores, are the best values in the land. Let us show you them.

It is to be hoped that the colored man arrested and lodged in the County Jail, accused of burning several barns near Mayslick, is the

right party, who will be duly convicted, either by his own confession or on direct evidence as to his guilt. He must be proven guilty beyond a doubt,

and then the full penalty must be meted out to him at the hands of the law. And it is further to be hoped that the good citizens of Mason county will realize that the crime with which the man is charged is a very grave one. But is it any worse than other acts of outlawry happening in our community? How is it compared with the criminal outrage committed upon another of our citizens? We refer to that of Mr. LONGNECKER, when there were 50 to 100 masked men, heavily armed with guns and dynamite, who, surrounding his home at midnight, demanded of him to come out or they would dynamite his residence, thereby killing or maiming his entire family and threatening destruction to the entire premises.

How many of these men who threatened Mr. LONGNECKER were from the surrounding community? How many are known by the people in that community? What effort has been made by those in official authority to ascertain who they were and bring them before the Bar of Justice?

Fleming Gazette.

The application for a Receiver of the C. F. and S. in the Ingram case was to come up for argument before Judge Harbeson here Saturday, but did not, as a compromise was reached whereby the road is to pay \$2,500 to the plaintiff in addition to the costs of the case.

This clears the road of all damage suits, save one pending by Matt Bramel, and the impression on the part of some is that the

owners of the road will now take some action toward broadening the gauge of the track between here and Johnson.

At LaPorte, Ind., Mrs. Belle Guinness, from indications, was a fiend. The bodies of five of her alleged victims have been discovered. The woman was recently burned to death with three of her children.

The indications are that Taft will win a complete victory at Louisville today, and that the State Republican Convention will give him 22 out of the State's 26 votes, and he may get all of them. The District Conventions yesterday all went for Taft.

FOUND DEAD

Elasha Mackintosh Hanged Himself in His Coal House

The body of Elasha Mackintosh was found this morning in the coal house on the Calvert farm in the Lewisburg neighborhood, where he made his home, he having committed suicide sometime during the night by hanging himself with a brie.

The cause of the man's act was not ascertainable up to the time THE LEDGER went to press.

Coroner Dresel went out to view the remains and make an investigation.

According to information at hand, Mackintosh, who is well up in years, retired as usual last evening, but some time during the night he arose and nothing was known of his deed until his body was found this morning hanging to a rafter in the coalhouse.

He was married and is survived by his wife.

NEW SIDEWALKS

Council Committee and City Engineer to Look Over Ground

The Sidewalk Committee and City Engineer, Oliver Hord, will probably begin preliminary operations Thursday.

There is considerable work to be performed—surveying, taking elevations and other details pertaining thereto—before an Ordinance can be shaped and drawn up in accordance with the work as outlined.

If there is one thing above another that Maysville really needs, it is uniform and good sidewalks, of which she is sadly deficient.

Everybody is in favor of the improvement, and the sooner the work is begun the better pleased the public will be.

The scope involves both sides of Plumstreet, North side of Fourth East of Plum, Bridge street, both sides of Second East of Limestone Creek to the car barns—probably several miles all told.

SCHULER—WATSON.

Mr. Albert Schuler, aged 23, and Miss Lizzie Watson, aged 21, residents of near Dover, were married yesterday afternoon in the County Clerk's office, Judge C. D. Newell officiating. The occasion was graced with the presence of three of Court street's pretty stenographers, who, no doubt, were taking notes for future use.

Women Inclined To Constipation

Great Care Should Be Taken Not to Use Violent Cathartics

Women, owing to their peculiar functions, are more or less liable to constipation and many of them owe their continued ill health to the pill habit. A well known physician lays the majority of cases of foul breath, bad complexion, disordered stomach, sick headache and female weakness to constipation and the constant use of violent cathartics to overcome it.

We believe women will be glad to learn of a safe reliable bowel and stomach remedy that is pleasant to take and that the first few doses will certainly produce natural daily movements without pain or gripes and in a short time establish a permanent cure. It is so effective it has cured cases of 60 years' standing and yet so mild and safe thousands of mothers give it to their babies.

Jennie Gresham, Nashville, Tenn., says: "I suffered almost death with torpid liver and indigestion and Dr. Caldwell's Syrup Pepin gave me quick relief." Sister M. Berchmans, of Mt. St. Mary's Academy, Oklahoma City, says: "We have found Dr. Caldwell's Syrup Pepin satisfactory as a gentle laxative and stomach tonic." Mrs. Myrtle Mather, Chicago, says: "My daughter was troubled since birth with constipation and sick headache. Dr. Caldwell's Syrup Pepin cured her." Mrs. W. M. Powers, New Philadelphia, Ohio, says: "It is the best remedy for constipation and stomach trouble I have ever used." Mrs. R. H. Brown, Addington, Okla., says it gave her prompt relief from constipation and torpid liver. Mrs. Isabella Wheeler, Freetown, Ind., says: "Twenty-three years ago I was taken with stomach trouble. Three years ago I had become so weak I could hardly walk. I took Dr. Caldwell's Syrup Pepin and today am as well as ever." Druggists sell it at 50c and \$1.00 per bottle.

We are glad to send a free sample to any one who has not used it and will give it a fair trial. Address Pepin Syrup Co., 505 Caldwell Bldg., Monticello, Ill.

Night Riders In Bracken County
Visit Four Farmers on
One Trip

AUGUSTA, KY., May 4th.—Twenty-five
masked men visited the home of John Sanders
at Wellsburg, four miles below here, last night
and compelled him to dig up his tobacco plant
beds on the pain of death. When the beds
were destroyed the riders whipped Sanders until
the blood flowed from his wounds.

The riders next went to Nelson Cummins'
place, near by, and upon his refusal to come
out the riders fired several volleys of pistol and
rifle bullets into the house. Bowlders were
also thrown through windows of the dwelling.
Cummins and his family escaped injury. Cum-
mins recently made the statement that the
convicts should be released and the members
of the Society of Equity take their places be-
hind the prison walls.

F. M. Crawford was the next to receive a
call from the riders and he was threatened with
bodily harm, and to make their threat
carry more weight the riders gathered his ve-
hicle together and then set fire to them.

Leopold Bay, living one mile from this town,
was then visited and warned not to plant to-
bacco this year. The riders departed after
bombarding the house with rocks.

JUDGE LANDIS IMPOSES FINES ON RAILROADS

Charged With Violating Twenty-
Eight-Hour Law For Transpor-
tation of Cattle

At Chicago, in ninety-five cases brought by
the Government against six railroad companies
charging violation of the twenty-eight-hour
law for the transportation of cattle, Judge
Landis in the United States District Court im-
posed fines aggregating \$13,150. The railroads
fined were as follows—

Chicago, Rock Island and Pacific, forty-five
cases, fined \$6,550.

Chicago and Northwestern, twenty-six cases,
\$3,600.

Illinois Central, nine cases, \$1,100.

Chicago, Milwaukee and St. Paul, seven
cases, \$950.

Atchison, Topeka and Santa Fe, six cases,
\$750.

Chicago, Burlington and Quincy, two cases,
\$200.

The majority of the fines were imposed on
pleas of guilty, but in all cases the Chicago
and Northwestern pleaded not guilty. Ex-
ceptions to the decision of the Court were
taken.

Howard McCartney of Flem-
ing was named as Presidential
Elector from this District.

Resolutions were adopted in-
dorsing President Roosevelt's
administration, Governor Will-
son's administration, Hon. R.
P. Ernst for National Com-
mitteeman and the two Dele-
gates were instructed to vote
for W. H. Taft for President.

The Fairbanks men backed
Charles B. Russell of Boyd
county and Shelby Blatterman
of Mason for Delegates to the
National Convention.

Congressman Joseph B. Ben-
nett of Greenup was indorsed
for State Central Committeeman.

The balance of power in the
Convention was decided by the
contested delegations from
Fleming, Bath and Bracken
counties. The Fairbanks men
were making a fight to have
the Fairbanks men from Bracken
county recognized, Robert
Buckler of Robertson county
making the fight for the Fair-
banks supporters and W. D.
Cochran of Mason leading the
fight for the Taft men.

C. W. Crawford was the next to receive a
call from the riders and he was threatened with
bodily harm, and to make their threat
carry more weight the riders gathered his ve-
hicle together and then set fire to them.

PUBLIC DAILY LEDGER
MAYSVILLE, KY.

Gage marks 24 6 and rising.

When the coal fleets arrive at Louisville a tow will be made up for the Sprague to take to New Orleans.

The Sunshine, a Cincinnati boat, will enter the Pittsburgh excursion business the latter part of this month.

Statistics show that during the year 1907, the ferryboats of the United States carried 330,737,639 passengers.

The Courier makes record-breaking trips between Cincinnati and Maysville and is one of the swiftest little steamers plying this part of the Ohio.

The biggest shipment of coal in two months has been made from Pittsburgh on the present rise. The coal will help to relieve the shortage in Southern markets.

An additional shipment of 2,000,000 bushels of coal has left Pittsburgh, the boats in the fleet being the Jim Wood, Henry Lourie, Duquesne, Raymond Horner, Sam Brown, A. R. Budd and the Helen White.

The Greenwood is off the docks in fine repair and resumes her trips in the Pomeroy and Cincinnati trade this week. Captain Jesse P. Hughes will be in command and Pilots George Hamilton and Ike Argos will be at the wheel. The Greenwood is the fastest boat in the Green line. She was built originally at Parkersburg and has been a very successful packet.

An immense petition, bearing the signatures of 245,800 persons, requesting that a pardon be granted to Captain William Van Schaick, Master of the ill-fated General Slocum, when the vessel was destroyed by fire in New York harbor on June 15th, 1904, with a loss of more than 1,000 lives, has been presented to the President and to Attorney General Bonaparte at Washington by a committee of the American Association of Masters, Mates and Pilots.

REV. P. A. CAVE

Given a Generous Welcome at Charleston With Christian Church

A Charleston, W. Va., paper says—

Rev. Preston A. Cave, the newly elected Pastor of the Christian Church, corner Lee and Brooks streets, arrived in the city Thursday evening and is stopping temporarily at the Kanawha Hotel until he can secure a suitable home for his family here.

Mr. Cave begins his Ministry here Sunday, May 3d, and the Christian Church and Charleston are to be congratulated on securing so good a man and able a Preacher. He will without doubt prove a valuable accession to the moral and religious forces of the city.

There were several additions to the Church membership during Rev. Cave's first Sunday services.

PLOT

To Escape From Prison—Convicts at Frankfort Were Ready to Make a Desperate Effort

FRANKFORT, KY., May 5th.—A plot of convicts in the Penitentiary here to break their way to liberty was nipped in the bud here last week by the prison authorities, who discovered the plan by one of the men telling the guards. The story has been kept quiet, as such stories usually are, and the Warden, E. E. Mudd, will not say much about the plan for a break even now. It is said by the prison authorities that the plan to make a break was formed as a result of the row between the Board of Prison Commissioners and George Chinn, the former Warden. It is said that the convicts thought this would be a good time to get away, as they believed that the people were in sympathy with them on account of the charges made by Mr. Chinn.

WELL DESERVED

The Praise That Comes From Thankful Maysville People.

One kidney trouble never fails.

Maysville people rely upon it.

That remedy is Doan's Kidney Pills.

Maysville testimony proves it always reliable.

Mrs. Della Means, 328 East Front street,

Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case. The first symptom was a sharp pain through the kidney regions, accompanied by a bearing-down feeling through the hips and loins. Dull, miserable headaches soon began to bother me, and I would often become so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until my condition became such that I was often confined to my bed for a week at a time. No remedy I used helped me in the least, and I was in a truly critical condition. Drop-symptoms appeared, and at times there was an almost complete retention of the kidney secretions. My feet and ankles became so swollen that at times I could not wear my shoes, and this swelling gradually spread to all parts of my body, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been cured of a similar trouble by the use of Doan's Kidney Pills. Deciding to try them, I procured a box at J. J. Wood & Son's Drugstore, and obtained so much relief from the contents of this box that I procured a further supply and through its use was entirely cured. I have no hesitancy in saying that Doan's Kidney Pills saved my life, and it would be impossible for me to give them more praise than they deserve."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Colonel Ass Martin, the well known Lexington weather prognosticator, says that sections of the Bluegrass State will be visited by two more frosts before vegetation may be regarded as safe. One of these frosts he says will put in its appearance on May 14th and the other on May 23rd.

The Ashland Independent has the following of a former successful Maysville man: "J. William Clinger, the brick contractor, returned last night from a week's stay in Cincinnati, where he had been to get prices on the various extras, in order to prepare his bid on the proposed new \$25,000 ward school building here."
